WASHINGTON, D. C.,
December 19, 1934.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Picture Moulding and Picture Frame Industry, as approved on January 16, 1934.

An application was made under date of October 15, 1934, by the Code Authority of the above said Industry for an amendment to Article VI of said Code. All interested parties were given an opportunity to present their views between October 25, 1934, and November 14, 1934, and all suggestions were given due consideration.

The amendment as proposed requires that all products manufactured or distributed within the provisions of the Code shall bear a NRA label. The rules and regulations governing same will tend to promote the policies and purposes of Title I of the National Industrial Recovery Act, and will result in more effective compliance with the provisions of said Code, by the members of the Picture Moulding and Picture Frame Industry.

FINDINGS

The Deputy Administrator in his final report to us on said amendment to said Code having found as herein set forth and on the basis of all the proceedings in this matter:

We find that:

(a) That amendment to said Code and the Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The amendment and the Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(d) The amendment and the Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(e) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said amendment.

For these reasons, therefore, we have approved this amendment.
For the National Industrial Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

DECEMBER 19, 1934.

AMENDMENT TO CODE OF FAIR COMPETITION FOR THE PICTURE MOULDING AND PICTURE FRAME INDUSTRY

Article VI is amended by the addition of the following:

SECTION 12, *Labels*.—All products manufactured or distributed subject to the provisions of this Code shall bear a NRA label attached to each such product to symbolize to purchasers of said products the conditions under which it was manufactured or distributed. In the case of products of this industry which are not completely fabricated in the form in which such products are purchased by the ultimate consumer, the containers, packages, or wrappers immediately containing such products shall have a N. R. A. label attached to each such container, package, or wrapper in lieu of the attachment of such label to each such product. Each label shall bear a registration number especially assigned to each member of the Industry by the Code Authority and remain attached to such container, package, wrapper, or product when delivered to the purchaser. Any member of the Industry may apply to the Code Authority for a permit to use such label, which permit to use such label shall be granted to him or it, but said member may use such label only if and so long as he complies with this Code. The Code Authority, subject to the approval of the National Industrial Recovery Board, and to such rules and regulations applicable to provisions for the mandatory use of labels bearing the insignia of N. R. A. as may be issued, shall establish rules and regulations and appropriate machinery for the issuance of labels and the inspection, examination, and supervision of the practices of members of the industry using such labels in observing the provisions of this Code for the purpose of ascertaining the right of said members of the Industry to the continued use of said labels; of protecting purchasers in relying on said labels; of insuring each individual member of the industry that the symbolism of said label will be maintained by virtue of compliance with the practices herein contained by all other members of the industry.

The charge made for such labels by the Code Authority shall be at all times subject to supervision and orders of the National Industrial Recovery Board and shall be not more than an amount necessary to cover the actual reasonable cost thereof, including actual printing, distribution, and administration and supervision of the use thereof as hereinabove set forth.
